

James 5:19-20 - Faithful Ministry

1. The Situation - Some of the brothers were straying from the truth and the road of apostasy leads to death. How common is this? Why don't we talk about it?

2. The Cause - The verb "wander" is passive in voice, which intimates that these brothers were being misled. What leads people astray according to James?

3. The Solution - Literally, we are here called to "turn him back" to the truth. How exactly is this done? What might this sound like?

4. The Promise - Literally, this is a command, "Know this!" You have saved a someone from death! What a strong incentive to obey this passage!
